Re: Potential Hazardous Waste Site Tentative Disposition

Dear Ms. Reiter:

This letter is in response to your letter dated April 13, 1987 concerning the findings of EPA "Potential Hazardous Waste Site Tentative Disposition" determinations for six sites in Texas. As requested in your letter, each of the sites will be scheduled for RCRA inspections in the near future to determine whether violations exist. Samples will be collected during the inspections to verify possible contamination identified in the subject reports. The results of those inspections will be forwarded to you upon our receipt of inspection reports and laboratory analysis results from the TWC district offices involved.

If you have any questions or comments concerning this matter, please contact Susan Ferguson of the Hazardous and Solid Waste Enforcement Section at 512/463-8425.

Sincerely,

*Susan S. Ferguson for*
